ICoICT | Telkom University | MMU MULTIMEDIA UNIVERSITY | IEEE | IEEE INDONESIA SECTION

The 6th International Conference on Information and Communication Technology (ICoICT 2018)

"Connecting Sensors, Machines and Societies"

Connecting Sensors
Multi Sensor Data Fusion
Algorithm for Distributed Sensor Network
Mobile Sensor Network
Sensor Network Management

Connecting Machines
Internet of Things
Cyber-Physical System
Network Infrastructure and Protocol
Human Machine Communication

Connecting Societies
Network Science
Social Sensing and Networking
Hyperconnected Society
Algorithm and application

Connect with Confidence
Cybersecurity
Privacy Preservation
Malicious Software
Offensive & Defensive Security

Connecting Data
Sourcing, processing and retrieving multimodal data
Storing data in heterogeneous database systems
Data pre-processing
Big data analytics
Social network analytics
Data mining

Ambient Intelligence for Smart Living
Ambient intelligence, Context-aware applications
Affective computing, Adaptive systems, Ubiquitous computing
Smart solutions, Smart city applications, Digital Living
Machine learning, Evolutionary algorithms
Intelligent agents, Embedded systems

Overview

- ICoICT was initiated and organized by Telkom University since year 2013, aiming to present the most recent and innovations in all aspects of ICT.

- The previous ICoICT conferences have successfully served a forum to bring together a diverse group of people from academics and industrial to share and present the latest issues and recent developments in the area of ICT.

- The past conferences were technically sponsored by IEEE and indexed by scopus.
